SUBJECT.

Proposal to have a municipality at the Kolar Gold Fields

W D 1250—GPB—30,000 28-1-10

(1)

L.G.D. Branch

Why should the Gold Fields be constituted into a separate Inspectorate or Executive Circle —

Ascertain Receipts from under following heads — :—

Horse tax Details of horses, Dis[illegible] miners Bangalows, Shops, and Cook houses —

Land Revenue from miners rights & mining blocks —

Local Fund in Do.

Carting If any [illegible] Fields —

Sir. I respectfully beg to state that no Local Fund Circle can be formed for the Kolar Gold Fields until the existing law is altered The rules now in force prejudice the formation of a L F Board with the Commissioner Districts as

7 non official members (one
mamlatdar member duly elected
by all the Mamlatdars in the
District and 6 landed
proprietors, 3 at least of
whom should be holders
of irrigated lands) as well as
official members (Senior
Assistant Commissioner, Medical
officer, Executive Engineer and
Mamlatdars of Taluks). The
requirements of the law
cannot be complied with in the
limited area occupied by the
Gold Fields I may beg leave
to add that when a draft
order was submitted to the
Honble Councillor for the
formation of L. F. ~~Boards~~
Boards in 3 of the Sub-Divisions
where there are none at
present, he passed the
following order
This should be over ~~for the present~~ in the Act is passed.

A Municipality may however be constituted with the Special Magestrate as the Vice President, Hospital Assistant and Taluk Amildar of Bowringpett and Kolar as offical members and minors as well as merchants, if any, as non-offical members Before the formation of a Municipality the following 2 points have to be considered

(1) whether the people or a majority of them wish to have a Municipality and whether the D) Coms considers it necessary &

(2) whether a moiety of revenue from House and Mohatarfa taxes, from which the Municipality has to be maintained, is sufficiently large to maintain the proper number of officers &c

ficient conservancy of the ... as shewn in the marginal statement attached area, As the information is not avail a draft Docket is for approval.

Note

In Connexion with the proposal of the Dy Comr of Kolar, Soliciting Sanction for a Sum of Rupees 1000/- out of District Funds and Suggesting the maintenance of a permanent Establishment for looking after the Sanitation of Coolie lines attached to the Gold Fields, Government in No. 15338 / I.7.114-92 dated 21st March 1893, enquired why the Gold Fields should not be Constituted into a Separate Municipality. The Dy Comr reports that this is impossible owing to the detached position of the various blocks and the expenditure needed being far in excess of the highest revenue which a Municipality may be expected to realize, while at present the Companies themselves spend about Rupees 17000/- a year for Sanitary purposes. While he therefore deprecates the establishment of a Municipality, he suggests the entertainment of a permanent establishment consisting of the marginally noted hands to look after the Sanitation of the Oorgaum Village and certain coolie lines Situated outside the mining properties. The Mohaturfa house and Shop taxes expected to be realized from the above Village (which is fast growing owing to its proximity to the Gold Mines) and coolie lines is Rs 1633/- He proposes therefore that the cost of the above establishment and that of latrines &c. be met from Provincial Funds and that the establishment be placed under the orders of the Special Magistrate who is in a position to supervise it efficiently (vide Dy Comr's letter dated

x. 1 Sanitary Inspector Rs 30 4/15 = 540
1 Peon " 8 = 96
8 Sotties " 8 = 768
1404

dated 20th May No. 3617/888 The proposals are reasonable and may be sanctioned.

If approved I would propose the following order.

Sd. J. P.

Read:- Letter from the Dy Comr Kolar dy 6th Sept 93 No. 840/209 requesting sanction to the entertainment of certain establishment for the sanitation of Oregaum village & to an advance of Rs 100/- for temporary sanitary arrangements in the locality.

Order thereon No. 4350-54 dy 8/9/93
L.J. 114-92

The advance of Rs 100 referred to in the second para of the Dy Comr's letter is sanctioned. The amount will be debited to the District Funds. Early orders will issue on the Dy Comr's proposals in regard to the entertainment of a permanent establishment to look after the sanitary needs of Oregaum village & coolie lines situate outside mining estates.

(1) Letter dated 19th May 1893 No. 3617/888
(2) Docket dated 6th September 1893 No. 840/209
(3) —do— 17th August 1893 No. 503/122

Order thereon No. 5337-9/L.T. 114-92 dated 22nd September 1893

Government agree with the Deputy Commissioner in thinking that a Municipality for the Gold Fields which cover a large area interspersed here and there with mining estates is both unsuitable and impracticable. Under these circumstances they are pleased to sanction the Deputy Commissioners proposal to entertain a permanent establishment consisting of the marginally noted* hands to look after the Sanitation of the Oorcgaum Village and Sundry coolie lines situate outside the mining estates. The Sanitary Overseers services will also be utilized for the collection of Mohatarpa taxes which are expected to yield a revenue of Rs 1633/- per annum and the whole establishment will be placed under the control of the Special Magistrate and Amesiff of the Gold Fields & moiety of the cost of the establishment will be debited to

To

The Chief Secretary to the
Dewan of Mysore

Sir

With reference to Your docket No 15338 dated the 20th March 1893 L.F. 114-92 Enquiring whether it is not desirable to have a municipality for the Kolar Gold Fields I have the honor to state that owing to the detached positions of the various mining camps the Establishment of a municipality at the Gold Fields as a whole is impracticable and anything like an efficient supervision next to impossible

2. The mining Companies now spend upwards of Rupees 17000 a year for Sanitation on the "Field" and if a municipality be introduced in which case the Companies will stop all that Expenditure the cost to Government would be at least Rupees

(12)

Rupees 20,000 per annum for which no sufficient funds could be found the estimated annual income from house tax being only about Rs 6000

3. The introduction of a separate municipality to each mining camp does not also commend itself from a financial point of view and might possibly lead to complaints from the superintendents of the inadequacy of the future sanitary arrangements as compared with those at present attended to by themselves at a considerable expense

4 I think therefore that under all circumstances it would be best to leave the sanitation to each mine to be managed as at present by its own staff.

5. The sanitation of Brigaum Village which has of late become populous and important owing to its close proximity to the Gold mines as well as that of certain

Certain cadastral lines etc situated outside the mining properties has to be looked after by Government agency and for this purpose I beg to solicit sanction to the establishment of a Sanitary overseer on Rupees 30 & 15 horse allowance and of one peon and 8 coolies on Rupees 8 each per month the cost of this establishment as also that of constructing the necessary latrines etc may be defrayed from the Provincial Funds as the expected revenue from Mohatarfa on shops in and outside the mining Camps and house tax on huts outside the Camps is estimated at Rupees 1633. The establishment mentioned will be placed under the orders of the Special Magistrate who will be living on the spot will be able to exercise a strict supervision over it. The services of the Sanitary Inspector will also be utilized for the collection of the Mohatarfa tax

I have the honor to be,
Sir,
Your most obedient servant,
[illegible]
Deputy Commissioner.
